Warrant for Town Meeting

(L. S.) STATE OF NEW HAMPSHIRE

To the inhabitants of the town of Canaan in the County of Grafton in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town House in said town on Tuesday, the fourteenth day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

Article 1. To choose by ballot and major vote a Town Clerk, one Selectman for three years, a Treasurer, Overseer of the Poor, one Library Trustee for three years, one Trustee of Trust Funds for three years and three Highway Agents.

Art. 2. Pursuant to a petition of ten or more legal voters, to elect by ballot, a Collector of Taxes and a Cemetery Agent for Wells cemetery.

Art. 3. To choose by major vote one or more collectors of taxes, surveyors of lumber, fence viewers, sealer of weights and measures, measurers of wood and bark, weighers of hay and straw, cemetery agents, and such other officers and agents as the town may judge necessary to be chosen.

Art. 4. To see what action the town will take in regard to the compensation of the Collector of Taxes, and the limitation of time of settlement with the town.

Art. 5. To see if the town will vote to raise such sums of money as may be necessary to defray town expenses, including maintenance of the poor; salaries and expenses of the town officers; expense of the municipal court, police department, health department, forest fire department, highway department, cemeteries, including cost of driving hearse, and all other necessary expenses.

Art. 6. To see if the town will vote to accept the pro-

visions of Chapter 117, laws of 1917, on a section of the Mascoma road, so called, and appropriate the sum of $400 for this purpose.

Art. 7. To see if the town will vote to raise the sum of $1794 for Trunk Line Maintenance.

Art. 8. To see if the town will vote to raise the sum of $992 for State Aid Maintenance.

Art. 9. To see if the town will vote to apply for State Aid Construction of highways and raise the sum of $2022 therefor.

Art. 10. To see if the town will vote to raise the sum of $390 in addition to the sum required to be raised by law for the library and branch library.

Art. 11 To see if the town will vote to raise the sum of $300 to purchase a bronze tablet in memory of all soldiers who served in the Civil War from the Town of Canaan.

Art. 12. Pursuant to a petition of ten or more legal voters, to see if the town will vote to remove the wall the north side of the road by the side of Walter Williams' and build a wire fence in place thereof and raise and appropriate $100 for the same.

Art. 13. To see if the town will vote to accept the sum of $100, the interest therefrom to be expended on the Walter Swett lot in the West Canaan cemetery to be known as the Eva Swett fund.

Art. 14. To see if the town will vote to accept the sum of $400 from the will of F. D. Currier, the interest to be used for the care of the Currier lots in the Canaan Street cemetery.

Art. 15. To see what action the town will take in regard to giving a discount on taxes.

Art. 16. To see what action the town will take in regard to outstanding bank notes

Art. 17. To hear the reports of agents, auditors, committees or officers heretofore chosen and pass any vote relating thereto.

Given under our hands and seal this 27th day of February, in the year of our Lord 1922.

Canaan, N. H., July 14, 1921,

We, the undersigned, auditors of the Canaan High School District have examined the accounts of the Treasurer of said district and find them correctly cast and properly vouched.

CLARENCE E. BARNEY, } Auditors.

Report of School Committee

During the year ending June 30, 1921, five teachers were employed in our schools. Three of these taught the elementary grades with the exception of grade six, while the two others taught high school subjects. The high school assistant taught the sixth grade subjects in addition to her secondary work. Under this arrangement there was a very unequal distribution of both work and pupils. A measure of relief was obtained at the beginning of the spring term by transferring the third grade to the intermediate room and rearranging the work of the high school assistant.

At the beginning of the fall term your committee decided to dispense with the services of one teacher as a matter of economy. At first it was planned to reduce the high school work to two year courses instead of three, as at present organized. This would make it possible for a single teacher to do all of the high school work without an assistant. But after careful deliberation, the committee were unwilling to assume the responsibility for this reduction on their own initative, and decided to refer the matter to the voters of the district at the next annual meeting, with the recommendation that if the district desired to continue work in the high school beyond the second year, the special district unite with the town district in the support of a class A high school. We have accordingly inserted an article in the warrant to that effect, and we trust that the voters will give it their thoughtful

consideration. Should the two districts be unwilling thus to unite we believe that it would be more satisfactory and economical to offer but two years work in our High School.

Superintendent's Report

To the School Committee, Canaan Special District:

Your close contact and excellent cooperation in the management of our schools for the past year makes a detailed report at this time more a matter of form than actual necessity. Accordingly, this report will rather block out new paths than deal with past activities.

Events have proved that it was entirely feasible to secure good teaching results without the employment of the extra teacher that was engaged last year. It was found impossible however, for the High School teacher alone to conduct all the classes necessary for carrying on our present program. However, since Miss Gibson has taken over the English work in the High School a basis for effective work in all departments has been reached.

Miss Amsden takes charge of the intermediate room while Miss Gibson is conducting High School work. The High School program is still too heavy for the staff of teachers, and is continued merely as a makeshift until the present arrangement can be passed upon by the voters of the district. It is to be hoped that the two Canaan districts will see fit to unite in the support of a high school. Failing this our causes should be put on a two year basis.

Your plans at the beginning of the summer vacation for installing running water in the building could not be carried out, but it is to be hoped that money may be raised at the coming meeting to bring about this very essential change, as the present arrangement is unsanitary, unsatisfactory and expensive. An article should be inserted in the warrant to authorize alteration.

The present toilet facilities for the building are also very unsatiafactory for a school as large as ours. It would not be an expensive matter to install chemical toilets in this building and the gain in sanitation and better moral impulse would be immense. Proper supervision of the present out-buildings is very difficult and their physical ensemble makes them a menace to the health and morals of the growing children compelled to use them.

We have been less troubled with cresote from the stove pipes this winter than in the past. It seems to me that if the stoves were placed nearer the chimneys so that the length of the pipes would be reduced, this matter could be entirely remedied. Possibly the installation of a furnace would be the most satisfactory solution of our heating and ventilation problems.

The janitor work is being done at present in a very satisfactory manner and the appearance of the class rooms has been excellent.

We have a very efficient corps of skillful and thorough teachers and excellent results are being obtained in all the schools.

Allow me to thank the committee, the teachers, pupils and parents for the loyalty, sympathy and interest that have made possible a successful year for our schools.

E. F. CALLAHAN,
Superintendent of Schools.

Superintendent's Report

To the School Board of Canaan:

A comparison of the statistical reports for the year 1920 and 1921 shows that our schools have improved during the past year. During 1920 eight schools were maintained for a total of 260 weeks or an average of 32.5 weeks per school. During 1921 seven schools were maintained for the full time required by law—36 weeks each.

Teachers' salaries during the former year averaged $15.33 per week; during 1921 the average was $22.33 per week. The number in perfect attendance for the two years is approximately the same: 16 in '20 and 18 in '21. The average daily attendance is practically the same for both years, but the absences during 1921 are 1000 half days less than in 1920. This last statement represents a real gain, for during the first year under consideration one school was closed during the months when attendance would be poorest. However, the total is still too high; representing as it does an average of almost 15 days for each and every pupil enrolled.

The year 1921 shows fewer changes in the teaching force than 1920 and a large increase in the teachers' salaries. From these facts one may expect a more contented and better teaching force last year than the year before. And such was the case—a real gain for the children.

At the present writing the schoolhouses of the district, as a whole, are in excellent condition. Those having only left hand and rear lighting are: West Canaan, Canaan Center, Birch Corner and West Farms (practically).

Those having proper heating and ventilating systems: Story, West Canaan and Birch Corner.

With toilets properly placed to allow effective supervision by teacher: West Farms, West Canaan, Canaan Center and Birch Corner.

Proper facilities for obtaining drinking water: North Canaan.

Proper play grounds: Canaan Center, Birch Corner and North Canaan.

With walls and ceilings properly finished: Canaan Center, West Canaan, West Farms, Story and Birch Corner.

During the present year jacketed stoves have been installed in the Story and Birch Corner schools, so that now three schools are so equipped. Such satisfaction has been given by their use that we should equip West Farms and North Canaan the coming vacation. Then, when window ventilators are furnished at Canaan Center, all the schoolhouses in the district will be properly heated and ventilated.

Immediate attention should be given the ceiling at North Canaan, where large areas of the plastering are off and it is loose in other places

With the above outline of progress and needs, I trust your committee will be able to plan intelligently for the repairs of the coming year.

The Canaan High School District plans to insert an article in their warrant for the coming school meeting abolishing the special district and inviting the Town District to unite with them in maintaining a class A High School. I would recommend that your committee also insert an article to the same effect in our warrant, so that the voters of the district may be given the opportunity to express their wishes in the matter. As the law now stands, a vote of the districts is all that is necessary to effect the union.

The last legislature changed the basis for distribution of state aid from a $5 per $1000 tax on the assessed to a $5 per $1000 on the equalized valuation of the district.

The only practical effect of this change has been to require the district to assess itself for a larger proportion of its school money. For the year ending August 31, 1920, the amount raised by the district for elementary schools

was $3623.57. For the year ending June 30, 1922, the amount is $5820.00. The district is one of those still eligible for state aid, and, altho the amount we shall receive this year has not been definitely reported to us, it will be approximately $2000.

I believe that our present law is giving general satisfaction throughout the state and the schools are making rapid progress under its administration.

Respectfully submitted,

E. F. CALLAHAN,

Superintendent.
